Width: 32 mm  $\pm$  0.3 mm  
 Length: 58 mm  $\pm$  0.3 mm  
 Thickness: 4.5 mm  $\pm$  0.3 mm  
 Lid: 27  $\pm$  0.3 mm  
 Material: ABS  
 Color: Black\*, red, blue, yellow, green  
 \*default colour

### Applications

The key fob is designed to be used in common application environments like:

- building access
- time recording
- cash less payment
- access control

## Features

### Chip Types:

- Mifare 1k/4k
- Legic prime MIM256/MIM1024
- LEGIC advant 2048/4096
- DESfire EV1 2k/4k/8k
- Hitag 1/2
- Hitag S 1024/2048
- Unique (EM4102) or successor

### Hybrid:

Several combinations of chip types are possible

### Coding:

Encoding and personalisation e.g. for LEGIC is offered on request

### Electrical:

Operating Frequency: 13.56 MHz or 125 kHz

### Storage temp:

-25°C to +80° ISO/IEC 10373

### Operating temp:

-25°C to +50°C ISO/IEC 10373

### Mechanical:

Drop test 10 times 10 cycles (1.8m)

### Printing:

The grey lid can be printed or engraved.
